

Cinema Holografic

X76 • Un cinema miniatura magic – filmele apar in 3D in fata ta!

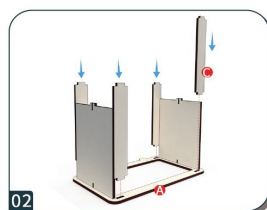

De ce ai nevoie?

• Placi plastic transparent	• Cadru negru	• Banda adeziva neagra
• Suport pentru telefon	• Smartphone (separat)	• Video holografic (YouTube)

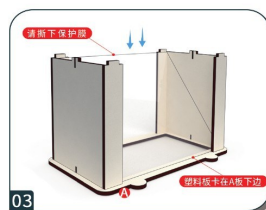

Pasii de asamblare

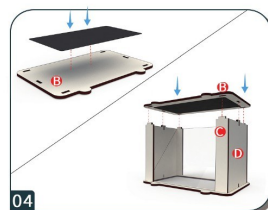

01 将两块D板安装在A板中。

02 四块C板安装A板对应孔中。

03 将透明塑料板上的保护膜撕掉。将塑料板对角安装在内部。

04 将黑色贴纸修剪合适大小。贴在B板中间部位。B板安装到框架中，即可完成安装。备用螺丝可以按需求选择安装。

05 注意以上手机放置位置，还有塑料板的斜放角度，分别有两种模式。播放视频时，手机亮度调到最高，尽量在阴暗的地方观看，效果最佳。

1 Cutia de baza

Prinde placa de fundal in carcasa. Cutia trebuie sa fie NEAGRA inaintu.

2 Cadrul negru

Prinde cadrul negru pe cutia de baza. Nu intra lumina pe la margini.

3 Plasticul transparent

Lipeste benzile negre pe margini. Formeaza o PIRAMIDA cu varful in jos.

4 Piramida in cutie

Pune piramida in interiorul cutiei, cu varful in jos. Sta stabil si centrat.

5 Pregateste telefonul

Cauta pe YouTube: 'hologram video 4 sided'. Pune telefonul cu ecranul IN JOS.

6 Stinge lumina si bucura-te!

Stinge luminile. Apasa Play si privesti imaginile plutind in 3D! Dragoni, spatii, animale!

ATENȚIE!

- Marginile plasticului pot taia - atentie!
- Nu apasa pe plastic - se crapa.

Stiai ca...?

- Cauta 'hologram video underwater' sau 'hologram animals'!
- Efectul se bazeaza pe un truc optic inventat in 1862!
